No. 619

Department of Archæology,

Encl. Mysore, 15th March 1948. 194

To

The Education Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

With reference to your letter No.E.6691 dated 27th February 1948 regarding the printing of the supplementary volumes of Epigraphia Carnatica etc., I have the honour to state as follows:-

These supplementary volumes of which the manuscripts are ready, contain over 300 inscriptions collected by the Department in Bangalore and Kolar Districts. It is necessary for us to publish them since they happen to be important historical records. The Government Press authorities in Mysore and Bangalore have mentioned that it is impossible for them to undertake the work and that therefore we might entrust the work to a private press. There is no press in Mysore or Bangalore which has got the requisite number of types in grantha and Tamil to enable it to publish the manuscripts.

On previous occasions i.e., when the Epigraphia Carnatica volumes of Bangalore and Kolar Districts and the supplementary volume of Epigraphia Carnatica for the Mysore and Mandya Districts were published by the Department during the days of the late Mr. Rice and Rao Bahadur R.Narasimhachar, the work of printing the Tamil and grantha inscriptions was entrusted to the S.P.C.K.Press, Vepery, Madras. I understand that at present this press is not existing. Under the circumstance, it has become necessary for us to send a competent man of this Department with the manuscripts to Madras and Conjeeveram to make personal enquiries and entrust the work to a suitable private press with your kind permission.

I have the honour to be,
Sir,
Your most obedient servant,

L Narasimhachar

Director of Archaeology,

SIR,

S.P. 1/5

With reference to your letter No.E.8756 dated 24th April 1948 in connection with the above directing me to furnish a copy of the order permitting this Department to get some of the supplementary volumes of the Epigraphia Carnatica containing Tamil and Grantha characters printed at Madras, I have the honour to state that no such Government order is traceable in this office. Accordingly I enclose herewith a loose form from the Mysore Supplement wherefrom (page 36 bottom) it may be seen that it was printed at the S.P.C.K. Press, Vepery, Madras, in 1915 when Rao Bahadur R. Narasimhachar, was in charge of the Department. Similarly during the days of his predecessor the late Mr. Rice, the Tamil and Grantha portions of the Epigraphia Carnatica volumes 9 and 10 were printed at the same press. If required I shall send copies of these volumes also for your kind perusal.

It would appear from the reports of the latex Mr. Rice that the work of printing the Epigraphia Carnatica volumes was being entrusted even to private presses. Thus in the report for the year 1902 the following table is found:-

| Vol. | District. | No.of inscrip tions print- ed. | Kannada pages. | Roman pages. | Eng. pages. | Press. |
|---|---|---|---|---|---|---|

I have the honour to ~~return~~ report that as directed in your letter No.E11,222 dated 25th June 1948 in connection with the above subject, I deputed Sri R.Chakravarti, Archaeological Assistant to Madras to make enquiries and obtain quotations from several printing presses. Sri R.Chakravarti made the necessary enquiries at about 10 presses, 4 of whom refused to undertake the work, while the remaining 5 have sent in their quotations which are enclosed herewith for your kind perusal and issue of suitable orders. In my opinion, the quotation of the Diocesan Press ( which, I understand, is the successor of the S.P.C.K. press which formerly undertook such works from

this Department) may be accepted.

Yours faithfully,

L. Narasimhachar

Ag. Director of Archaeology.
